

KEIM CONCRETE CLEANER

1. Product Information

Cleaning concentrate to remove contamination and mould release agents from concrete surfaces.

2. Field Of Application

In situ and precast concrete elements and structures and lightweight concrete.

3. Product Characteristics

- Cleans surfaces
- Easy to apply

Material Data:

Density: $Q = 1,118 \text{ g/cm}^3$

Colour Shades:

Colourless

4. Application

All concrete should be cleaned with Keim Concrete Cleaner, diluted 1 part Concrete Cleaner with 5 parts water, thoroughly brushed in to remove any traces of release oils and then washed off with clean cold water.

Decoration:

Surfaces may then be coated with Keim Mineral Paints.

Air and surface temperature $>5^\circ\text{C}$

Consumption:

0.05 litres per square metre

Consumption rates are offered for guideline purposes only and are quoted for smooth rendered surfaces. Actual rates are the responsibility of the applicator. Project specifications should be referred to for specific rates.

Tools:

Clean immediately after use with water.

5. Packaging

5 & 20 litres containers

6. Storage

Approx. 12 months, if kept cool, but frost free in tightly closed containers.

7. Danger Class In Goodstraffic

Class 8

8. Safety Instructions

Cover surfaces which are not to be painted, in particular glass, natural stone, ceramics etc. Protect the eyes and skin from splashes. Keep out of reach of children.

Refer to COSHH data sheet.
